ELIGIBILITY AND FUNDING APPLICATION GUIDELINES Standard Grant Cycle

Orrville Area United Way, as the voluntary community's fundraising and allocation instrument, will receive, evaluate, and act on applications for financially supported programs, and in doing so it will study each application in relation to funding priorities. Final decisions on distribution of funds reside with the Board of Directors.

Application for a new grant begins with the applicant attending the Orrville Area United Way partner grant release meeting as a request for admission of application materials. The applicant agency should study the grant application and related materials, including availability for the grant presentation schedule. The applicant should determine whether it desires to seek admission under the conditions stated in the material provided. The applicant agency will complete all necessary forms and submit them to the Orrville Area United Way by the firm due date.

The applicant agency shall be willing to file its mission statement and objectives and such other documents as may be required with Orrville Area United Way. The applicant agency will indicate at the time of application its willingness to sign a "Memorandum of Agreement" and use Orrville Area United Way application forms.

If an agency does not meet the eligibility standards below, the agency's application will not be considered.
